

THIẾT KẾ TRANG WEB

A large, circular collage of numerous colorful icons. The icons represent a wide variety of concepts: science (atom, microscope, lightbulb, globe, DNA helix), technology (computer monitor, smartphone, magnifying glass, RSS feed, headphones), nature (leaf, recycling symbol, water drop, sun), art and culture (violin, paint palette, camera, film strip), and general concepts (heart, gear, puzzle pieces, shopping cart, key, padlock, speech bubble, people icons). The icons are densely packed and overlap, creating a vibrant and comprehensive visual representation of human knowledge and interests.
